TO: Superintendent/Transportation Directors Addressed

FROM: Linda B. Gehman

SUBJECT: **School Bus Driver Training Schedule**

Included with this document are dates and sites for the school bus driver training classes. A **purchase order** will be needed to register bus drivers for the initial twenty-hour certification and eight hour refresher courses. The Education Service Center refund policy will be in effect.

[ESC-2 Workshop Refund Policy](#)

The Department of Public Safety has two rules you need to remember. We cannot have a class of more than 35 participants; therefore if a driver who is not registered for training tries to attend he/she will not be accepted. Also, an eight-hour refresher course must be completed prior to certification expiration. During the twelve-month interval immediately following certification expiration, an eight-hour refresher course may be completed for certification renewal. When a certificate expires a person **shall not** drive a school bus unless he has received a temporary enrollment certificate. Issuance of a temporary enrollment certificate during this time interval will require the successful completion of the twenty-hour basic training course in order to reinstate full certification. Your drivers must plan ahead.

It is important for each driver to sign in at the training. If all the training is not attended, a certification card will not be issued. The trainers are not responsible for attendance. If drivers do not sign in for themselves, the card may be withheld. It is not acceptable for drivers to sign in for one another.

Last Revised: 11/13/2008

2009–2010 SCHOOL BUS DRIVER CERTIFICATION CLASS

Location: Corpus Christi ISD
6530 Ranger
Corpus Christi, Tx
Wkshp # 0924292
